Amendments to the Specification:

Please replace paragraph [0004] with the following amended paragraph.

[0004] In accordance with one aspect of the present invention, there is provided a method for making a wax decoration item and the method comprises the following steps:

step 1: preparing polyethylene wax, cyanide polymer and paraffin white wax;

step 2: mixing the polyethylene wax, cyanide polymer and white wax to be a mixture by way of heating;

step 3: pouring the mixture in a mold and obtaining a wax item with fixed shape when removing the mold;

step 4: melting a colloid material to be a transparent liquid;

step 5: coating the colloid material onto an outer periphery surface of the wax item and the colloid material being not mixed with the wax item, and

step 6: condensing the colloid material which is fixed on the wax item.
